The Zumba Fitness program is a Latin-inspired dance fitness class that incorporates Latin and international music and dance movements, creating a dynamic, exhilarating and effective fitness system. It combines fast and slow rhythms that tone and sculpt the body using an aerobic/fitness approach to achieve a unique blended balance of cardio and muscle-toning benefits. Zumba Fitness tones muscles, helps control blood pressure, reduces body fat, improves balance and posture and reduces stress. It also increases flexibility and range of motion and improves physical appearance. The music, the steps, the move, the class energy is enjoyed by everyone. People of any fitness level, from any background and any age can start the program right away. The basic steps formula makes it easy for everyone. Registration is not required for this class.
